

**MODIFICATION of
Cessation Order**

To the following Permittee or Operator:

Name: A New Dig Inc.

Mailing Address: 78 South Main St., P.O. Box 122, Hinckley, Utah 84635

Mine Name: A New Dig Permit Number: S/027/0070

Utah Mined Land Reclamation Act, Section 40-8-1 et. seq., *Utah Code Annotated (1953)*:

Notice of Violation No MC-2015-62-05 dated October 22, 2015.

is modified as follows:

- 1) The due date for grading (including pit backfill and safety hazard minimization) of disturbances that will not be mined or bonded going forward, as well as the submittal of the amended Notice of Intent, is changed from November 30, 2015 to **January 30, 2016.**
- 2) The due date for providing reclamation surety for all areas not required to be graded by January 30, 2016 will be changed from November 30, 2015 to **March 14, 2015.**
- 3) Mining activities within the existing, southern-most pit will be permitted, as long as the current disturbance area is not increased and the other Cessation Order due dates and required Operation Practices (R647-3-107) are met.

Reason for modification is: The operator requested an extension and limited permission to mine, and has shown a commitment to reclaim by mobilizing a dozer and starting regrading work. During recent phone calls and meetings on 12/1/2015 (on-site) and 12/18/2015 (at DNR), the operator emphasized his intent to regain compliance to enable future mining by regrading multiple pits, submitting an amended Notice, posting adequate reclamation surety, and resolving this Cessation Order.
